Features

Please be aware that the features/specifications can differ from country to country.

- 250GB capacity for a max recording of 710 hours (36 in HQ+ recording mode) onto the Hard Disk Drive
- BRAVIA Sync - automatically controls TV and Home Cinema components with one-click ease
- HDMI™ output with 1080p upscaling to maximise picture quality even on large screens
- Electronic Programme Guide offering simple, 3-step on-screen timer programming and TV Guide
- Integrated Digital and Analogue Tuner delivering the latest TV channels in digital clarity
- 2x USB ports for connecting a PictBridge™ compatible printer, digital camera or other USB storage devices
- HDD Cam Connection - Record your memories onto the Hard Disk Drive and choose between different modes
- x-Pict Story is an enhanced Photo Slide Show feature which enables you to frame your photos with the appropriate look and feel through sound and transition effects. The final result can be burnt onto DVD and shared among family and friends
- Digital Music Jukebox - store and enjoy up to 999 of your favourite songs
- Digital Photo Album - view, edit and store digital still images or burn them to a DVD for sharing
- Series Link - With the touch of a button your recorder will automatically record all episodes of your favourite series and you will not miss anything during the season
